SEASONABLE SEEDS FOR SEEDSMEN

(June, 1914)

A seed dealer selling direct to the consumer must sell **good seeds**. Quality in seeds is equally important to the man who deals in seeds alone and to the grocer who sells a few packets only. **Poor seeds are always found out**, and the dealer selling such not only ruins future seed business but works an irreparable harm to his other lines of business when selling poor seeds as a side line.

Vaughan's Seeds are the very best. Lower prices can be found. However, "cheap prices" and "poor seeds" inevitably go together.

The market prices on many seeds change continually. We shall be pleased at all times to make special prices on quantity lots, and anything not offered in this list.

Our strains of Perennials and Biennial Flower Seeds for Fall sowing (out-doors) are the best obtainable. Also Calceolaria, Cineraria, Primula, Cyclamen, etc., for sowing (in-doors) now. Write for Special Price List, out this month.
